LAST OF BUMPER APPLE CROP IS IN CANNING LINE

The last apple of the bumper 1954 crop moved into the canning line at the Biglerville plant of The C. H. Musselman Company at Biglerville today concluding what John A. Hauser, president, described as "not one of the best apple crops in quantity and quality, but one of the most difficult to handle both for growers and processors."

"Nothing has pleased us more than what some of our good growers have said in appreciation of the efforts we have made to handle as much of the crop as we possibly could," said Mr. Hauser. "This year taxed all processor facilities to the utmost. Also, it was a year of good prices for the grower. Our big problem now is what we may expect from the wholesale and retail market for our canned products. We have to meet the competition of other fruits and of 'cheap' plants which come into a surplus crop area and buy at almost distress prices and can only rely on our reputation for quality to meet this type of competition."

Expresses Thanks
Mr. Hauser also expressed the company's thanks to the large and loyal group of employees who have helped process the crop. "It was one of the most substantial packs of recent years even though the canning season did not run much beyond average length," he said.

Operations at the Gardner's plant of the Musselman Company are continuing but will conclude in the near future.

"When our canning season runs almost to February it isn't long before we are thinking in terms of spring, tomato plants and the beginning of a new crop year," Hauser added.

ENLIST IN NAVY
Among those enlisting in the navy and assigned for training at Bainbridge, Md., this week were Ronald C. Rager 17, Littlestown R. 2; Walter E. Baker, 17, and Philip L. Crouse, both of New Oxford, and Wilbur J. Noel, 18, New Oxford R. 1.

May Invite Red China To Parley

LONDON (AP)—Official British informants said today Britain and the United States have agreed to invite Communist China to a United Nations Security Council meeting for discussion of a cease-fire in the China fighting.

These responsible informants said New Zealand, in agreement with Britain and the United States will ask the Security Council to meet Monday to consider extending the invitation to the Peiping regime.

The United States and Nationalist China were reported ready to participate in the discussions with the Chinese Reds.

Foreign Secretary Anthony Eden is expected to ask India's Prime Minister Nehru to use his influence with the Chinese Reds to get them to accept the invitation.

WILLOUGHBY HAILS IKE'S FORMOSA MOVE

Maj. Gen. Charles A. Willoughby, graduate of Gettysburg College and well known here, termed President Eisenhower's message to Congress a modern Monroe Doctrine applied to a specific situation.

In an article written in New York for the International News Service, General Willoughby, who headed General MacArthur's intelligence forces in the Far East during World War II, observes that Eisenhower's message "confirms Gen. Douglas MacArthur's opinion, on the record, in 1950."

He quotes MacArthur as noting "The Pacific has become a vast moat—a protective shield for all the Americas. Formosa in the hands of an unfriendly power constitutes an enemy salient in the very center of (our) defense perimeter. Formosa could be compared to an unsinkable aircraft carrier and submarine tender."

Sees Vast Red Plan
Raising the question of whether Russia will intervene in the Formosa question, General Willoughby notes: "In Korea the Soviets lost hundreds of tanks and MIGs. Though under a slave economy, Russian industry can't make bigger, better and cheaper tanks and they are proportionately just as expensive to them as for the free economy of the West; military economic drains work both ways."

He also terms the presidential request for Congressional support in the Formosa question "effective and appropriate" from the "psychological aspects" of the "cold war."

The forays into Korea and Indochina by the Chinese Reds are "part and parcel of a larger plan, inherent in world communism, and directed and inspired by Russia," for the conquest of Asia is a prelude to the conquest of the world, according to the Lenin-Stalin belief of Russia, General Willoughby said.

BLAZE BADLY DAMAGES HOME

A double house, home of Mr. and Mrs. James Brady, and their daughter and three grandchildren, was gutted by fire this morning in McSherrystown.

McSherrystown firemen estimated the loss at \$7,500, and members of the family said at 1:30 o'clock this afternoon that the amount was low. Only a few pieces of furniture were saved. The families lost clothing and almost everything else in the blaze.

Mr. and Mrs. Brady, who observed their 50th wedding anniversary two years ago, lived in one side of the house on North St., McSherrystown. A daughter, Mrs. Dorothy Kaitreider, and three children resided in the other half of the house.

According to a member of the family, Mrs. Brady observed fire around the floor above the hot air furnace about 9 a.m. She called her husband and poured water on the smoldering floor and apparently extinguished the fire.

About 15 minutes later Mrs. Brady told the Albert Weaver family nearby, to which she fled.

Youth Week Observance Opens Sunday; Back "Book" Project

Promoting the project "Books Instead of Bombs" and scheduling a series of special events that opens Sunday afternoon and continues through Sunday, February 6, Protestant youth of the community will observe Youth Week here next week along with young people across the nation. "One Fellowship in Christ" is the theme for the week.

Activities begin Sunday afternoon with an inter-church visitation starting at 2 o'clock and continue with a panel discussion next Wednesday evening in the Methodist Church and social events next Saturday afternoon and evening.

The climax will come Sunday evening February 6, when a community Youth service will be held in St. James Lutheran Church after a box lunch evening meal there.

To Hear Czech Native
Speaker for the evening service will be the Rev. Gideon E. Galambos, 27-year-old native of Czechoslovakia who fled Communist oppression there and came to this country. For the last two years he (Continued On Page 3)

The Dillsburg Fire Department was called at 8 o'clock this morning to extinguish a chimney blaze at the home of Marlin Kuhn, Idaville. No damage was reported.

CHAIN-LETTER BOND SCHEME BALKED HERE

A "get-rich-quick" scheme in Gettysburg has apparently been nipped in the bud, it was learned Thursday. An announcement of government disapproval of the rapidly-growing sale of U. S. Savings Bonds by chain-letter led to the disclosure of the attempt.

Officials of the Gettysburg National Bank revealed that they were approached about a month ago by a former local resident whose name they would not divulge. He requested the bank's cooperation in a plan that would aid in the sale of bonds by the following method:

A man would receive a letter containing a list of names. He would buy a bond for the name on top, scratch out that name, and put his own at the bottom. Then he would sell copies of the letter to his friends, and by the time his name reached the top he would receive "thousands of bonds," theoretically.

The bonds would not be distributed through the mails, he said, but would be delivered in person. The post office long ago banned chain-letters from the mails. The working such a plan through the man mentioned the possibility of American Legion.

Bank Rejects Plan
The Gettysburg National Bank turned him down flat. "We long ago adopted a policy of opposition to all chain letters," bank officials said. "In addition, we did not want the responsibility for all of the buying, selling and exchanging of bonds that would be necessary."

A spokesman for the First National Bank said that his institution had not been approached by anyone with such an idea. The cooperation of some bank is said to be necessary, to handle the (Continued On Page 11)

Believe U.S. Support Will Extend To Islands Off Formosa; On "Alert"

By SPENCER MOOSA
TAIPEI, Formosa (AP)—A U.S. source said today that he thought American support would be extended to the offshore islands of Quemoy and Matsu, and conceded that agreement in principle had been reached on evacuation of the Red-threatened Tachen islands.

He said in event of a clash with the Communists he was in favor of giving the commander opposing them full power "without any" privileged sanctuaries.

The Tachens are 200 miles north of Formosa and about 20 miles off the Red mainland. They are under direct threat of Red artillery on newly captured Yikiangshan Island and have been under heavy air bombardment.

Wait For Congress
The Matsu group is 100 miles northwest of Formosa and 20 miles off the coast. Quemoy, the main Nationalist offshore outpost, is 120 miles across the Formosa Strait from Formosa and seven miles from the Red port of Amoy.

Final decision on withdrawal from the Tachens apparently awaits congressional approval of President Eisenhower's fight-if-we-must Formosa policy.

"Alert As Can Be"
Saboteurs of the U.S. 18th Fighter Bomber Wing have been transferred from Okinawa and the Philippines to Formosa to support the U.S. 7th Fleet, already in the area on combat alert.

Will Broadcast Prize Winners

The general prizes to be awarded Saturday night about 9 o'clock in Lincoln Square in connection with Sale Days will be broadcast over WGET at 9:30 o'clock by G. Henry Roth, of The Gettysburg Times editorial staff.

The awards to be given by each participating merchant will be broadcast over WGET Sunday night at 9 o'clock.

Participating merchants today reported "good business" on the opening of the Sale Days. Stores will be open tonight and Saturday.

JAYCEES ARE GIVEN GAVEL BY DILLSBURG JC

The Dillsburg Junior Chamber of Commerce Thursday night "passed the gavel" to the Gettysburg Jaycees at a meeting of the local organization at the engine house.

President Marlin Slusser headed a contingent of 17 members of the Dillsburg chapter to Gettysburg for the ceremony.

The "passing of the gavel" is a state wide Junior Chamber project in which a gavel and book are passed from one club to the next throughout the state. The names of these present at each gavel passing ceremony are inscribed in a book.

Names of the 26 Gettysburg members present Thursday night were placed in the book during the formal "gavel passing." Gettysburg will "pass the gavel" Tuesday night to the Red Lion club. The program is designed to foster inter-club relations and activities.

The local Jaycees gave their "wholehearted support" to the local "comic book committee."

Seeks Other Members
Donald Cordell, head of the committee, reported that the town-wide group will be formed in the "near future." He said he has asked other local organizations to be represented on the committee. As soon as he has heard from them a meeting will be called to organize the committee and begin its investigations.

Richard Debus was named as an alternate for the Jaycees to serve on the committee.

Plans were announced for another extension meeting at Chambersburg Wednesday night. The local club is assisting in forming a Jaycee unit there.

District Governor Samuel Meisender, York, spoke on the "Ten Outstanding Young Men" banquet to be held at York in connection with a state meeting.

Guests at the meeting in addition to the district governor and Dillsburg members were Gordon Bierman, Gettysburg, and Ray Harder, Biglerville. Two members were voted into the group, Richard Debus, who was reinstated after resigning because of the other activities, and Paul Sterner. A donation of \$5 to the Beta Sigma Phi library building fund was voted. A letter of appreciation from the Kiwanis club for the support given by the Jaycees was read. President Donald Becker presided. The next meeting will be held February 10.

Services Held For Mrs. Bertha Lawver
Funeral services for Mrs. Bertha (Dengler) Lawver were held this afternoon at the Bender Funeral Home, with the Rev. Dr. Howard S. Fox, pastor of Trinity Evangelical and Reformed Church, officiating. The pallbearers were Charles Haner, Harold Smallwood, Robert Neary, Roland Lawver, Dale Lawver, and Jesse J. Schalkzky. Interment was at Evergreen Cemetery.

MARRIAGE LICENSES
Marriage licenses have been issued by the clerk of courts to the following couples:

Maurice E. Pitzer Jr., son of Mr. and Mrs. Maurice E. Pitzer Jr., Aspers R. 1, and Betty Helen Sheaffer, daughter of Mr. and Mrs. Amos W. Sheaffer, Biglerville R. 1.

Joseph Allen Kebel, son of Mr. and Mrs. Bernard R. Kebel, Littlestown, and Patricia Ann Poist, daughter of Mr. and Mrs. Francis X. Poist, Hanover.

HOME FROM N. Y.
John H. Knickerbocker, Gettysburg College librarian, has returned from serving on an Evaluation Committee for St. Lawrence College, 26-year-old experimental college in Bronxville, West Chester County, New York. St. Lawrence is experimental in the fact that it uses graduate methods of instruction on the undergraduate level. Mr. Knickerbocker's assignment was a study and evaluation of the St. Lawrence library. The committee met from January 23 to 26.

TRESSLER VIEWING
Friends of Emanuel E. Tressler, 74, who died Thursday morning at his home, Fairfield R. 1, may call Saturday evening after 7 o'clock at the Allison Funeral Home in Fairfield. There will also be a viewing Sunday afternoon at 1:30 o'clock at Wesley Chapel, Fountaindale. Services will be held there at 2 o'clock.

Cullison Inquest Set For Wednesday
Dr. C. G. Crist, Adams County coroner, announced this afternoon that his inquest into the traffic accident in which Marlin Cullison, 16-year-old Gettysburg High School Senior, was fatally injured on January 17, will be held at the court house next Wednesday afternoon at 3 o'clock.

Cullison, whose home was at Mummsburg, was a passenger in a car operated by Harry M. Hartman, 19, Gettysburg R. 3, when it crashed head-on into a machine driven by Bernard Topper, 22, Arendtsville. The crash occurred three-fourths of a mile south of Arendtsville on the Mummsburg Rd.

Five were hurt in the accident.

A. ROY DELP, 71, POSTMASTER AT IDAVILLE, DIES

Alford Roy Delp, 71, prominent Idaville merchant and postmaster, died this morning at 9:30 o'clock at his home there after having been in ill health for four years. Complications caused death. Mr. Delp had been confined to his room for the last year.

A native of Adams County, Mr. Delp was a son of the late Alfred W. and Clara B. (Fanus) Delp. He attended schools of Adams and Cumberland Counties. He was a plasterer for 10 years and then opened a general store in Idaville in 1918 which he had operated since that time.

He was made postmaster of Idaville on January 27, 1948, and had continued in that office until his death.

Wife Died In 1947
His wife, Effie Elizabeth Murtoff, died May 6, 1947.

Mr. Delp was a member of the Mt. Taber Evangelical and United Brethren Church.

Surviving are two children, Alfred M., at home, and Mrs. Paul W. Duck, Renovo, Pa.; three grandchildren; a brother, Morell G. Delp, of Hampton Roads Va., and a sister, Mrs. Harry Cronise, Biglerville.

Funeral arrangements are incomplete but are being made by the Bender Funeral Home.

NEW OFFICERS APPOINTED FOR SR. EXTENSION

George Stock, New Oxford R. D., was appointed president of the Adams County Senior Extension Club Thursday night while Mervyn Myers, Littlestown R. D., was named as vice president. The two were selected when the organization lost both its top officers, with both planning to accept employment in other sections of the county.

Earl Crouse, Gettysburg R. 1, president of the organization, submitted his resignation because of plans to move in the near future. He was reported as choosing between two engineering posts offered, one in Hawaii and the other in Lancaster County. Vice President Thomas Trout submitted his resignation because of plans to begin an employment that will take him first to York for training and then to New York City.

Appointment of the new officers was made by the executive committee and announced at Thursday's session of the Senior Extension Club held at the Adams Electric Co-operative building, rear of N. Stratton St.

Zettie On '55 Outlook
County Agent Frank S. Zettie, speaking on "The Outlook for 1955" told the Senior Extension members that the year will be profitable to those who "do a good job of farming," and difficult for those who do not "use the most efficient means of operation."

The extension service, he noted, "is a cooperative setup between the federal, state and local authorities and is one of the greatest experiments in the educational field." The service marked its 40th anniversary last year.

"Farm and home planning" is a brand new program starting here this year, the county agent reported.

First "Piggy-Back" Freight Thru Today

The first carload of "piggy-back" freight to go through Gettysburg on the Western Maryland railroad passed through on an eastbound freight about 10 a.m.

"Piggy-back" freight, introduced last year and now hauled by 19 eastern railroads, is freight loaded into huge truck trailers. Then instead of hitching it to a truck tractor and hauling it over the highways, the trailer is placed on a special flatcar with safe-anchoring devices and hauled to its destination. The fast freight service made second day deliveries between Baltimore and Philadelphia and Chicago.

the Tachens. Headquarters also claimed excellent results in raids on Red-held Tumen and Yikiang-shan Islands.

Report Crewmen Killed

(A report from Hong Kong said Red China's official New China News Agency said two crewmen were killed and 12 wounded Jan. 19 when Nationalist bombers hit the Chinese Communist steamer Nanshan in Swatow harbor. Apparently the vessel was moored near the British ship Edendale, which Nationalist planes sank the same day.)

The American official in Taipei who said he thought Quemoy and Matsu would be taken under the U.S. wing, said the development of Communist air power had changed the positions of the Tachen Islands in recent years.

But, he said, the Reds were not in a position to assume command of the air over Quemoy and Matsu. The Nationalist air force, with help from the United States, would be able to maintain its present superiority.

The source said the Reds must have foreseen that their invasion of tiny Yikiangshan Island would provoke world attention, but he was sure they didn't anticipate the vigorous U.S. reaction.

He also said that in view of the Communist off-repeated threats to "liberate" Formosa, he didn't think the Reds would agree to any sort of cease-fire plan, such as has been proposed in several world capitals.

The Nationalists, too, he said, are opposed to a cease-fire because they were apparently afraid it would lead to a large Red delegation going to the United Nations, more talk of admitting the Reds to the world organization—and particularly to the implication the Nationalists are abandoning their goal of reconquering the mainland.

While tension grew here, all eyes were on Washington and the congressional debate on Eisenhower's Formosa plan.

PROPERTY TRANSFERS

The following property transfers have been filed with the office of the register and recorder:

In 1921, Leslie M. Bishop and wife, Hamiltonban Twp., sold to George Hare, Franklin Twp., for \$45, a property of approximately three acres in Franklin Twp. The deed was filed Thursday.

In 1955, Mr. Hare, now of Biglerville, sold to Roy R. Chapman and wife, Franklin Twp., for \$200, a property of approximately 3 1/2 acres in Franklin Twp.

FACE CODE CHARGES

Two men have been sent ten-day notices by Justice of the Peace John H. Basehore for driving overweighted trucks. They are Gilbert D. Bowen, Waterside, Pa., and Leonard R. Caloway, Aberdeen, N. C. Both were arrested by state police on Route 34, Cumberland Twp., the former Tuesday and the latter Wednesday.

SEEK CLUES IN STRANGULATION OF RUBINSTEIN

NEW YORK (AP)—Fifty detectives early today combed plush East Side night club haunts of the slain Serge Rubinstein, Russian-born playboy financier and convicted draft dodger.

Stymied after hours of intensive investigation, police tried the night spots for anyone who might shed light on the last movements of the 36-year-old Rubinstein, found mysteriously murdered yesterday on a bedroom floor of his palatial Fifth Avenue mansion.

He had been trussed with venetian blind cord, and several layers of surgical tape were around his throat and mouth. The face bore several abrasions but the rest of his body was unmarked.

Dies Of Strangulation

After a three-hour autopsy last night, the medical examiner's office reported: "Rubinstein died of manual strangulation."

The ornate bedroom on the third floor of the six-story house had been ransacked but police could find nothing missing. A safe in the 20-foot-square room was untouched.

Authorities questioned three persons, including brunette Estelle Gardner, a model, who said she had dined with Rubinstein Wednesday night and returned with him to his home.

Found By Butler

Rubinstein's body was found by the family butler William Morter at 8:30 a.m. yesterday.

Also in the house at the time of the slaying were the dead man's 78-year-old mother Stella; his aunt Genia Forrester, 82; a woman cook, and two parlormaid. The home was barred and locked and there was no sign of forcible entry.

Was Draft Dodger

Police Commissioner Francis W. H. Adams, who personally knew the dark-haired, stocky victim as a man of "tremendous strength and vitality," was asked if more than one person might have taken part in the murder.

"There's a possibility," Adams

DECLARES BEST DIVIDEND IN ITS HISTORY

NEW YORK (AP)—Bethlehem Steel Corp. is surging into the new year with the biggest quarterly dividend in its history, a current operating rate of 85 per cent of capacity and a great improvement program ahead.

The world's second largest steel producer announced yesterday a dividend of \$2.25 a share on common stock, payable March 1 to holder of record Feb. 7.

Board Chairman Eugene G. Grace predicted that current operations of 85 per cent of Bethlehem's capacity of 19,100,000 net tons a year would rise to average 87 per cent for the first quarter.

The firm would produce at "80 per cent or better" in the second quarter, he said.

"Ambitious Program"

Grace disclosed what he called "a quite ambitious development program," calling for the expenditure of 100 million dollars chiefly at the Sparrows Point, Md., plant.

This program, to be completed by mid-1956, is in addition to \$3 million dollars authorized for construction of primary steelmaking facilities authorized at the end of 1954, he said.

Bethlehem's dividend compares with the \$2 dividend it declared last January after a year of record-breaking earnings. Prior to that, the rule had been \$1 a quarter for three straight years at Bethlehem.

Concerning the \$2.25 payment, Grace said only, "It's a dividend," declining to promise what the future had in store.

Will Push Merger

Bethlehem is still determined to go ahead with its plans for a merger with Youngstown Sheet & Tube Co., Grace said, and "the matter is in the hands of counsel." The Department of Justice frowned on the plan when it came to light last year but Grace has maintained his position that the merger would go through. He declined to say yesterday, however, when some action might be expected in this respect.

Bethlehem reported net income of \$132,837,134, equal to \$13.18 a share, compared with \$133,947,837, of \$13.30 a share in 1953, the greatest steel-producing year in United States history.

Pot Luck

Ever watch people drive a car? Driving an automobile is, to many, a means of transportation only. But to others, it's a skill developed by the feeble-minded. Let's go for a ride and see some of the drivers on the highway.

THE LOVER . . . "All the world loves a lover." But does the world love him on the highway? Cruising along, radio tuned to a sweet sentimental tune, this romantic lad usually doesn't know what he's doing. Casually, he kisses his "sweetie" on the cheek, gazes into her eyes and tells her how much he loves and then gracefully runs off the road. Please!!

THE SIGHT-SEER . . . "Isn't that house over yonder beautiful?" All eyes (including the driver's) look at the house and where does the car go? Who cares, as long as it continues at its fast rate of speed. Our friend, Mr. Sight-seer, could tell you how divine the country is, how high the department stores are, how many television antennas there are in a certain town. But ask him the speed limit! Could it be he was so busy observing the scenery that he completely forgot he was driving a vehicle???

THE CAUTIOUS TYPE . . . Mr. Careful himself. Sure it pays to be careful but our friend believes in observing the 50-mile speed limit by "poking" along at 25. Trucks, busses and other autos pass him at dangerous curves simply to speed things up a bit. Mr. Careful also believes in giving hand signals — by hand and by car. Who are we to discourage this gentleman even though he signals right with his hand and left with the car signals? Mr. Careful stops for crows, ants and green lights. Don't run into him though! It's not his fault you didn't see him stop. Mr. Careful's car is immaculate and the only time you ever see him hurry is if it looks like rain. Then our boy hurries home to "tuck" his vehicle in the garage.

THE COWBOY . . . Just the opposite of our friend, Mr. Cautious. Mr. Cowboy drives a "hotrod" and passes anything on the highway. The car itself looks as if it came from a museum with the exception of a few little items such as fenders and running board missing. Such excess equipment only causes Mr. Cowboy to lose speed. Come on Cowboy, let's slow it down.

THE WOMAN DRIVER . . . The little lady of the house is quite an expert driver (she'll tell you). She's cautious, drives fast, likes to look in shop windows while she's driving and gets very sentimental when the radio brings back memories of years ago. While driving her mind is on a million other things except propelling the car. She aims it and hopes for the best. Her greatest satisfaction is telling her husband, "I drove 60 miles today and didn't hit a thing."

There are a lot more! But seriously, let's drive more carefully. When you're driving a car, it's your responsibility. So let's be careful. Hey girls! Want to be comfortable, yet look neat? Throw away those

Youth Week

(Continued from Page 1)
has been pastor of the Presbyterian Churches at Taneytown, Piney Creek and Emmitsburg. Son of a Calvinist theological seminary president, he was twice arrested by secret Red police in Prague before he escaped first to Germany and then to America.

With pastors to serve as guides at six local churches and explain symbolism, history and uses of the local places of worship, the young people of the community will gather at Trinity Evangelical and Reformed Church here at 2 o'clock Sunday afternoon.

The schedule from then will follow: Presbyterian, 2:30 to 2:50 p.m.; A.M.E. Zion, 3:05 to 3:15 p.m.; Christ Lutheran, 3:30 to 3:50 p.m.; St. James Lutheran, 4:05 to 4:30 p.m.; Methodist, 4:40 to 5 p.m. The public is invited to join in the tour.

Discussion, Skating, Dancing
The next Youth Week event will be a panel discussion to be held from 7 to 8:30 o'clock Wednesday evening in the Methodist Church.

Next Saturday afternoon there will be roller skating at Littlestown from 2 to 5 p.m. and that evening the young people will gather at the Trinity Reformed Church for square and round dancing and refreshments.

On Sunday, February 6, the young people will take box lunches to St. James Lutheran Church at 6 o'clock and an evening service will be held there at 7:30 o'clock with the Rev. Mr. Galambos as the speaker.

Young people are urged to take books to their own church on Sunday to be collected and shipped to points in foreign lands "to meet the cry of needy people of other lands for truth, knowledge and the Word of God." Some of the books will go to Japan, Africa, Malaya and other places where "they will mean the most in education for Christian living and will build for a Christian world."

Planned By Young People
Types of books especially sought are Bibles and Testaments, Bible commentaries, Sunday School refer-

ence works and materials, church history books, young people's books, books of Christian heroes and saints, children's books, especially Biblical pictorial materials, standard English works and good fiction written from the Christian standpoint. The books will be collected and wrapped for shipping February 20.

The local observance is being sponsored by the Gettysburg Ministerium and arranged by a local Youth Council made up of the presidents of high school youth groups in the local churches. That group includes Geoffrey Langsam, Christ Lutheran, chairman of the group; William Swisher, Reformed, treasurer; Hugh M. McIlhenny, Presbyterian, secretary; Robert Weikert, St. James; Robert Dillman, Methodist, and Donald Carter, A.M.E. Zion.

PHONE CALL ALERTS COPS

By THE ASSOCIATED PRESS

An anonymous phone caller last night set off a chain reaction of rumors regarding "planted" atom bombs in several Eastern cities that had police, the FBI and civil defense authorities checking fruitlessly well past the "deadline" of midnight.

The caller contacted the FBI in Philadelphia yesterday afternoon, identified himself as a "foreign agent," and said A-bombs would explode at midnight in buildings in Philadelphia, New York and Washington.

Precautionary checks were made, but William Peer, aide to New York Mayor Robert F. Wagner, said the official view was that the caller was a crackpot.

Th rumors reached to the Midwest, with a Kentucky CD officer saying his group had been told to stand by.

In Washington, however, the White House said there had been no civil defense alert and that no atomic devices were found.

The anonymous caller reportedly said he "wanted to tip the FBI off before he skipped the country."

The FBI in Philadelphia and New York had no comment.

PHILADELPHIA (AP)—State Sen. Benjamin R. Donolow (D-Philadelphia) is going to ask for a thorough investigation of boxing in Pennsylvania.

To that end, he said last night, he is comprising a resolution calling for a nine-man commission.

Donolow said he had "shocking proof" of rigged fights in Philadelphia. He added that referees and judges were under the thumb of "a certain political leader, a member of the old City Hall gang, who still finds himself in power." He did not name the man.

Donolow said the Boxing Commission had done nothing to remedy the situation he described.

FIFTEEN YEARS AGO

Harry B. Bender, Former Furniture Dealer And Undertaker, Dies At 70: Harry B. Bender, one of Gettysburg's best known residents, died this morning at 8:20 o'clock in the Warner Hospital from the effects of a cerebral hemorrhage which he suffered about 1 o'clock Friday morning at his home, Baltimore St.

A man of wide business and fraternal connections, Mr. Bender had a host of business and personal acquaintances in Adams county and beyond its borders. Word of his death was received with a feeling of distinct loss by hundreds today.

William Tawney Dies At 81: Park Guard 25 years; Heard Lincoln: William Myers Tawney, 81, for nearly 25 years a guard on the Gettysburg battlefield, died Monday afternoon at 4:40 o'clock at his home, 41 Steinwehr Ave. Infirmary of age caused death.

Mr. Tawney had been in failing health for several years but had been confined to bed only since last Thursday. He was one of the few remaining Gettysburg residents who saw Abraham Lincoln at Gettysburg on November 19, 1863, and heard him deliver the dedicatory address at the National cemetery. As a boy of five, Mr. Tawney lived in Gettysburg at the time of the battle during which he was forced to flee southward along the Baltimore road to safety behind the Union lines. His father served in the Union army.

Chimney Fire: Gettysburg firemen used a tank of chemicals to put out a chimney fire this morning at 8:20 o'clock at the home of James Shindedecker, 217 W. Middle St. Damage was slight.

Rev. J. A. Huber Dies In Hanover: The Very Rev. James A. Huber, pastor of St. Joseph's Roman Catholic church, Hanover, since October, 1903, died Tuesday at the church rectory there. He was 86 years of age and the oldest priest in the Harrisburg diocese of the Catholic church.

Attorney Improves: Daniel E. Teeter, Esq., is expected to return to his Baltimore St. law office Thursday after being confined to his home with an attack of the grip which brought about an ear infection.

William Stock Accepts New Position In Capital: William Stock, son of Mr. and Mrs. Charles W. Stock E. Middle St., has resigned his position as instructor of political science at Johns Hopkins university, Baltimore, in order to accept a position in the Washington office of the Burroughs Adding Machine company.

Mr. Stock has been spending several days with his parents and will return to Baltimore on Thursday, where he will complete his work before assuming his new duties in Washington about February 1.

Sease-Sherman: Mr. and Mrs. Claude M. Sherman, Hanover and Liberty Sts., have announced the engagement of their daughter, Miss Savannah Melba Sherman, to Robert Richard Sease, son of Mr. and Mrs. Peter Sease, near Gettysburg.

Formal announcement of the betrothal was made Sunday at the Sherman home. No date has been announced for the wedding.

73 Ill At H. S.: Colds and grip kept 73 high school students home today. Professor G. W. Lefever, principal, said this is the largest number absent on any day since the current epidemic of sickness began about two weeks ago.

Dr. Karl Grimm, head of the German department at Gettysburg college, is reported to be in a satisfactory condition at his home on Baltimore St. today. He suffered a slight stroke on Wednesday.

Today's Talk

THAT SILENT GUEST

I am always entertaining or conversing with some silent guest whom I have invited to be with me. That guest may be one from whom I have long been separated. Or it may be one I met but yesterday. Or it may be a guest by proxy—a beloved writer's book that gave him flesh and blood, and a presence in my library so that our talk could be renewed.

Put two fine minds and characters together and there is not much need for mere talk. Even silence is communicative! There are those with whom we love to be, whose very presence and soul radiation are sufficient to give us comfort and inward joy. There is a sense of loneliness that comes over me when I am alone in the forest. There it is that the silence assumes greatness, and one feels small and unimportant. But only for a brief period. An appreciative rejoicing is initiated, like a lover's return.

That Silent Guest may be with us always, for our guest is never the same. Each is met and invited like guests to a celebration. They come and go, leaving memory behind, so that in the truest sense those whom we love never totally leave us alone. One of the most arresting stories in the New Testament is that one of Jesus and Zacchaeus. The latter was a small man, so small that when Jesus went to his town he climbed into a tree so that he might see Him. But he didn't escape the eye of Jesus, who told him to come down, as He would like to be a guest in his house!

Perhaps some of you recall that impressive play "The Third Floor Back," in which stayed for a spell the Silent Guest, who was the Lord Himself—and what a change came over all in that house! As our Silent Guest to this day, that same Presence may be ours, and we, too, may go out to bless and influence all with whom we come in contact.

Tomorrow Mr. Adams will talk on the subject: "Books Are Life!" Protected, 1955, George Matthew Adams Service

Just Folks

THE CONSTANT CRITICS
When I have on my Christmas ties,
My Christmas shirts and hose,
I hope I'll get admiring eyes
From faithful friends or foes.

But no one into praise is stirred
As I go strutting by,
And no one ever says a word
About my gorgeous tie.

My Christmas gloves nobody sees
Or notes my Christmas hat.
Although I'm sure I've dressed to please,
There's none who mentions that.

But when it's feathered, frayed and old,
Though proud of it I am I,
"It's time," by someone I am told
"You bought yourself a tie."

IKE RESTRICTS

TRAVELING TO NEARBY AREAS

WASHINGTON (AP)—President Eisenhower has decided, partly because of the Formosa situation, to restrict his travel for two or three months to trips of no more than two hours flying time from Washington.

In announcing the decision late Wednesday, White House Press Secretary James C. Hagerty told news- men "it would be foolish for me to say" the threat of a Chinese Communist invasion of Formosa was not a contributing factor.

"But I want it specifically understood, this is not an emergency measure," Hagerty said.

He said the primary reason is that the President wants to keep in close touch with Congress in an effort to win enactment of as much of the administration's legislative program as possible.

Changes In Staff
Meanwhile, the White House announced several changes in the President's personal staff.

Eisenhower accepted the resignation of Thomas E. Stephens as appointment secretary, effective Feb. 19, and named Bernard M. Shanley to succeed Stephens.

Shanley's present White House post as special counsel to the President will be filled by Gerald D. Morgan, now an administrative assistant to Eisenhower.

Morgan's place as a specialist in liaison with Congress will be filled by former Sen. Fred A. Seaton of Nebraska, who now is assistant secretary of defense for legislative and public affairs. Shanley and Morgan will get \$18,000 a year and Seaton \$15,000.

Stephens, who has been associated with Eisenhower since 1952, is resigning to return to private law practice in New York. The White House said Stephens is leaving "at his own request" and that his health, not always robust, was not a factor.

GOP BUILDS UP OPPOSITION TO LEADER'S PLAN

HARRISBURG (AP)—Republican opposition built up today to Gov. George M. Leader's plan to reorganize agencies of the state government and to confirmation of some of its appointments.

The opposition to major moves by the new Democratic administration came from Republican senators and was regarded as significant since the GOP rules that branch of the Legislature by a 26-24 vote margin.

Sen. G. Praybill Diehm (R-Lancaster) said flatly that Leader's bill to give the governor broad reorganization powers, subject to legislative veto "never will pass" the 1955 General Assembly.

"Not only is it unconstitutional but it reminds me of the days of the Roosevelt's New Deal," Diehm told a report.

Diehm, chairman of the powerful Senate State Government Committee and one of the most influential lawmakers in the upper branch, said he personally would seek to bring about defeat of the measure in the Senate should it pass the House.

Called "Blank Check"
Diehm took the position that Leader powers of reorganization would amount to a blank check even though the new governor has repeatedly pointed out that the lawmakers have the final right of veto.

Sen. Harold Plack (R-Luzerne) said that opposition has developed in the GOP-controlled Senate Committee of Executive Nominations to at least one and probably more of Leader's appointments to major posts.

Plack, a member of the Nominations' Committee, said that "our committee is not disposed to con-

IKE'S FORMOSA INTENTIONS ARE STILL NOT CLEAR

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP)—There may be some psychological effect on the American people if not on the Red Chinese—from President Eisenhower's dramatic efforts to get congressional approval for defending Formosa.

But as far as Eisenhower's precise intentions go, they are no clearer—either to the Communists or the American people—than before he sent a message to Congress Monday asking for a blessing on anything he did to save Formosa.

His message, and Congress' approval, may make the Communists feel he means business. And no doubt the American people will be a little better prepared mentally for a war with Red China if it comes.

May Be Bluff
But possibly the Reds look on it all as a bluff, an attempt by Eisenhower to save face by talking boldly at the very moment he apparently was getting ready to let them capture the Tachen Islands from Chiang Kai-shek.

If the Red Chinese consider it a bluff, and call it by banging away at some more islands, the United States will finally have to put up or shut up.

There is a missing link which when someday revealed in full, will tell a little more about Eisenhower's thinking and intentions right now.

This was the secret testimony this week by Secretary of State Dulles and Adm. Arthur W. Radford, chairman of the Joint Chiefs

firm a lawyer for a state job requiring an agricultural background nor a medical practitioner to a state position requiring a man learned in law.

While Plack avoided mentioning names, the Scranton Tribune said he referred to Dr. John L. Dorris, a Natick eye, ear and throat specialist, whom Gov. Leader has nominated to head the Workmen's Compensation Board.

The Compensation Board is charged with the responsibility of ruling on various aspects, largely legal, of appeals for compensation by workmen injured on the job.

The newspaper said that Plack's lawyer-architect reference was apparently a figure of speech. Plack said he would not be surprised if the Senate nominations Committee held "public hearings before confirming certain appointments which the governor already has submitted to us."

YOUTH ACQUITT

OF MANSLAUGHTER

LOCK HAVEN, Pa. (AP)—Donald J. Andrus, 23, charged with involuntary manslaughter in the death of a 13-month-old girl, is a free man today.

A Clinton County jury yesterday found the Lock Haven man innocent in the death of Dorothy Jean Pruey, daughter of Mr. and Mrs. Kenneth Pruey. Judge Abraham H. Dipez dismissed an additional indictment of manslaughter on motion of Andrus' counsel.

The baby was dead when taken to Lock Haven Hospital last October. At an inquest into the death Andrus testified he squeezed the child's cheeks with his fingers to stop its crying.

of Staff, before the Senate's Armed Services and Foreign Relations committees.

Spoke Of Testimony
Sen. Morse (Ind-Ore) spoke of this testimony in the Senate yesterday without disclosing it word for word.

"On my word of honor . . . the secret testimony . . . would prove . . . it was contemplated by the administration . . . that the resolution would authorize in advance the right of the President to order a strike against the mainland before any act of war had been committed against the United States."

Morse meant that, as he saw it, the President was asking Congress beforehand for approval to bomb Red Chinese troop concentrations on the China mainland if he thought they were getting ready to attack Formosa and that was the way to stop them.

May Be Skeptical
The Chinese Communists may be skeptical about Eisenhower's earnestness in asking congressional approval for defending Formosa since he had previously, and emphatically, said Formosa would be defended.

He didn't say what other islands, besides Formosa and the nearby Pescadores, would be defended. Chiang's Nationalists hold a number of smaller islands near the China coast.

The fact that Eisenhower has had three opportunities this week to be clearer, but wasn't, makes it certain he deliberately chose not to. The idea, obviously, is to keep the Reds guessing. He left vague in his message to Congress what other islands would be defended.

Dulles and Radford urged Congress not to be more specific in the resolution. And in a special White House statement yesterday there was no specific mention of islands to be defended.

WASHINGTON (AP)—Unanimous House approval boosted today the chances for quick Senate passage of a bill to continue GI schooling rights for men in the armed services by Jan. 31.

The House passed the measure 366-0 yesterday and sent it to the Senate. Chairman Hill (D-Ala.) of the Senate Labor Committee said he plans hearings on the bill for next week.

PERRY COUNTY TO LOSE PLANT

NEWPORT, Pa. (AP)—Perry County today faced the loss of one of its largest industries with the announcement that the Snap-on-Tool Corp. will close its Newport plant "within the next few months."

Company spokesmen said yesterday the physical equipment and some key employees of the plant would be moved to Kenosha, Wis., and merged with operations there.

The plant last year lost \$500,000 one of the worst years in its 10-year history in Newport, the spokesmen said.

Loses Her Job On 24th Anniversary

HARRISBURG (AP)—The secretary to the state secretary of health since 1931 has been dismissed from her post effective Feb. 1, the 24th anniversary of her employment by the department.

Dr. Charles L. Wilbur, deputy secretary, announced the dismissal of Edna M. Mowery Wednesday. He said the incoming department head, Dr. Berwyn Mattison, Buffalo, N. Y., has decided on a personal choice to replace Miss Mowery.

Miss Mowery is a native of Wilkes-Barre.

STUDY PLAN TO GIVE MORE AID FOR LOCAL ROADS

HARRISBURG (AP)—Gov. George M. Leader today studied a proposal by the Pennsylvania Home Rule Assn. to increase state aid for local roads from 36 million dollars every two years to 90 millions.

Thomas S. Stephenson, Altoona, president of the home rule group, made the proposal during a conference with the governor Wednesday. He later said "the governor seemed receptive but he made no commitments."

Stephenson, defeated for the Republican nomination for governor last year, supported Leader in the general election campaign after the Democrats pledged increased local highway aid.

Leader also conferred Wednesday on highway problems with the mayors of Philadelphia and Pittsburgh but no conclusions were reached. State Highways Secretary Joseph J. Lawler attended the session.

Need More Information
Lawler said nothing definite in the way of a highway program was reached "because we need more information on what the federal government plans in its program."

President Eisenhower has asked congress to approve a 101 billion 20-year road program. The state secretary said Pennsylvania's share would be about 5 1/2 billion dollars.

Lawler said a planning section would be set up in his department "to look into the future" on a highway program.

At the conference, Mayor Joseph S. Clark, of Philadelphia, suggested that the borrowing capacity of the Highway and Bridge Authority be raised from its 80 million dollars ceiling to 500 millions.

Clark also advocated a 260 million dollar road program for Philadelphia, including proposals to complete the Schuylkill and Delaware expressways.

EARLY PROFITS; HAS HIGH HOPES

PHILADELPHIA (AP)—The Pennsylvania Railroad, reporting 1954 profits that were less than half of 1953 earnings, sees better prospects for this year.

In a year-end statement Wednesday, the PRR reported profit down 52 per cent from 1953 and gross operating revenue down nearly 20 per cent—most of the decrease being in freight revenues.

To compensate for reduced earnings, the railroad reported it had trimmed expenses \$151,776,987 from the 1953 figure, with an estimated 90 million dollars coming off the payroll.

Comptroller Hugh Ward reported however, that the railroad expected to show a profit for the first month of 1955. Last January a deficit of about \$3,300,000 went on the books.

By April of last year, the railroad reported it was about 10 million dollars in the red. Ward said the gross revenue levelled off then.

"But," he said, "it didn't start to pick up, merely remaining about steady, until late in November and the trend is now definitely up on the basis of seasonal estimates."

The PRR statement reported 1954 net profit at \$18,552,235 or \$1.41 a share, compared with \$38,875,228 and \$2.95 in 1953. Over 13 million dollars of the year's net profit was reported for December, when the railroad normally reports its profits from the Pennsylvania Co., a wholly owned subsidiary.

In the future, the railroad said it will apportion the Pennsylvania Co. dividends each month, as it is received, to give stockholders and the public a better picture of the PRR's actual situation.

Gross revenue last year was \$848,805,154 compared with \$1,034,394,640 in 1953. Of the 185 millions in the decrease, 159 millions showed up in the freight revenues. Passenger revenue was off 11 per cent.

In 1949 the railroad reported gross revenues slightly lower—\$846,211,120. But the profit was \$12,000,000, some 6 millions below the 1954 figure.

"We were forced, to achieve economies," Ward said, "to reduce the work force from approximately 126,000 at the start of 1954 to under 100,000 at the end of the year."

At one point he said, the work force went down to 89,000.

Women workers account for close to a third of the entire working force of the nation, U. S. Department of Labor statistics show.

Lebanon Valley Opposes Bullets Here Saturday At 8; Public Gets Break

Following a two-week layoff due to mid-year examinations, the Gettysburg College basketball team will resume their schedule here Saturday evening at 8 o'clock when they meet the powerful Flying Dutchmen of Lebanon Valley College. There will be no preliminary game.

Non-student fans will be afforded their best opportunity to witness a home Bullet contest of the campaign. Practically all of the student body is spending the mid-year recess at home and plenty of choice seats will be available to the public.

Lebanon Valley has again come up with a strong outfit and to date has won nine while losing but three games. Sparkplug of the Dutchmen is Howie Landa, senior, the 5-9 speedster who was chosen to the All-State first team last season.

Landa, who last year averaged 21.5 points per game, is doing even better this season. He has accounted for 301 points on 92 field goals and 117 fouls for a current average of 25.1.

Plenty Of Height

Coach George Marquette has more height in his present squad than any for many seasons. Don Reinhard, a sophomore from Pine Grove, is 6-6 while Bob Nelson, sophomore from John Harris High, Harrisburg, is 6-5. Completing the starting roster will probably be Ken Ellis, 5-9 senior, and Dick Shover, a 6-1 sophomore.

Lebanon Valley upset the Bullets 87-74 on December 4 at Annville. The Bullets, who have a 3-7 mark, as usual will be forced to give away height to their opponents.

A number of Bullet setbacks this season can be attributed directly to the superior height of the opponents. Another factor that has become apparent has been the Bullets' tendency to "choke-up" at crucial stages of the game.

Vets Set Pace

Coach "Hen" Bream has been working hard with his outfit this week and may alter the starting lineup. Only Bill Snyder and Dick Hockenbury are certain starters. Snyder is the team's leading scorer with Hockenbury setting the pace on rebounding. Snyder has netted 199 points for a 19.9 average while Hockenbury has snared 125 rebounds to lead in that department. Hockenbury has accounted for 50 points to be third best in scoring. Wally Kulskiowski, a sophomore, is second to Snyder in point production with 112.

Following Saturday's game the Bullets tangle with two more rugged opponents. Next Wednesday evening the star-laden Quantico Marines will play here and the following Saturday Muhlenberg will be met at Allentown.

JOHNSON TO MEET FUENTES

PHILADELPHIA (AP)—George Johnson, of Trenton, N.J., and Ramon Fuentes, of Los Angeles, try to climb over each other in their 10-round nationally televised bout at Convention Hall.

The 23-year-old Johnson, who spent most of 1954 in a sick bed with an appendectomy and tonsil trouble, is reported in top shape and hopes to improve on his ranking as the 10th best middleweight.

With a record of 28 wins, 21 by knockout, and 5 losses, Johnson hopes to use Fuentes as an eraser to get rid of the stigma of his last fight when he lost to Charley Salas at Miami Beach after entering the ring as a 3-1 favorite. His principal claim to fame is a TKO victory over Moses Ward.

Fuentes, 29, is rated fourth in the pack of welterweights trying to get into the ring with champion Johnny Saxon or leading contender Carmen Basilio. He has a record of 31 victories, 4 losses and 1 draw.

NBC will telecast the bout at 10 p.m. EST.

ADVERTISE IN THE TIMES

SEE TIGHTER PRO GRID LOOP FOR THIS YEAR

By WILL GRIMSLEY
NEW YORK (AP)—Two of the slickest quarterbacks of the 1954 college season—George Shaw of Oregon and Ralph Guglielmi of Notre Dame—may ply their trade within 35 miles of each other next fall and make contenders of two of the weaker sisters in the National Football League.

Shaw, a 185-pound throwing whiz who led the nation's major colleges in total offense, was the surprise bonus pick of the Baltimore Colts in yesterday's prolonged professional draft, enabling the Washington Redskins gleefully to pluck the All America Guglielmi.

Wilbur Ewbank, the Baltimore coach, explained his choice of Shaw, a third-string All America, over the highly touted engineer of Notre Dame's fighting Irish.

Think Shaw Is The Best

"We think Shaw is the best quarterback in the country, barring none," he said. "We know he is a great passer—he proved it with a losing team. We weren't too sure about the passing of Guglielmi because Notre Dame isn't essentially a passing team."

The Colts in their first regular pick seized Alan (The Horse) Ameche, stampeding All America fullback from Wisconsin, giving them a potent one-two punch on the ground and in the air.

Seers of the professional circuit immediately labeled Baltimore a team to be contended with in 1955. The Colts were next to last in the Western Division last fall with a 3-9 record.

League Tightens

"The draft tightened the league considerably in my opinion," said Commissioner Bert Bell. "Baltimore and Washington particularly strengthened themselves."

Both Baltimore and Washington expect their top draft choices to be available.

The draft, delayed by careful checks of the military draft status of the various players, continued well into the night.

The question of a Canadian-U.S. peace was pigeon-holed for the remainder of the weekend after the new president of Canada's Big Four, Ralph Cooper, of Hamilton, Ont., put in a surprise appearance and announced the Canadians were bent on peaceful settlement of raiding problems.

MARQUETTE CAPTURES 14TH IN WIN STRING

By THE ASSOCIATED PRESS
Even Marquette Coach Jack Nagle must be surprised over the Warriors' basketball success this season after their mediocre showing a year ago.

Marquette, the nation's 11th-ranked team, has put together a 14-game winning streak—longest in collegiate circles this season—after an opening loss to Michigan State.

The Warriors extended their streak with a 73-70 victory over Loyola of the South last night. The streak will be on the line when the teams meet again in New Orleans tonight.

Upset By Denver

Nagle took over the helm at Marquette last season and his team won 11 and lost 15. Although Marquette had 10 lettermen returning for the 1954-55 campaign, Nagle never figured that his club would improve as much as it has.

Action again was light last night with most of the major teams still idle due to mid-year examinations.

Denver broke an 11-game Skyline Conference losing streak by upsetting defending champion Colorado A&M 73-69. Denver led at halftime 35-32 and never was headed.

Prize Picks In Pro Football Draft

Oregon's George Shaw, Notre Dame's Ralph Guglielmi, Wisconsin's Alan "The Horse" Ameche and Oklahoma's Max Boydston, left to right, above, were first choices of National Football League clubs at annual draft in New York, Thursday. The Baltimore Colts, who finished next to last in league standings for Western Division, won the bonus pick and chose Shaw, nation's total offense leader, and Ameche, All America fullback. Chicago Cardinals picked Boydston, an end, while Washington Redskins chose All America quarterback Guglielmi.

COLLEGES SEEN GOOD SOURCE FOR OFFICIALS

HOUSTON, Tex. (AP)—Good umpires could come from the colleges, says Cal Hubbard.

Hubbard, an American League arbiter for 20 years—the last three as supervisor—has a plan which he would like to see adopted by the major leagues.

"I'd like to see a group that would conduct the athletic directors of major colleges throughout the country for the names of young men well-grounded in sports who are interested in a career of officiating. I mean young fellows who come up through sports, know the feel of competition and the meaning of rules."

"From such a list and such a group, baseball could select young men for future umpires, train them, bring them up through the minors."

"Now those young fellows needn't be only baseball umpires. Baseball could be their start. They could go from baseball to football, then to basketball. There's good money in officiating, and I don't see why a man with sports in his blood wouldn't find it interesting."

Suits Baseball

Hubbard says the college man is the type baseball would like to have "although we know there are high type men who get their training in sports without getting to college and we would be interested in them, too. But I think we ought to have a plan to keep good umpires coming up."

Hubbard thinks the salaries of umpires in the lower minors must be increased because "we've got to have something to offer to get youngsters started."

He says better umpiring would help improve the game. "Nothing helps a good game of baseball like good, sharp umpiring. Nothing can turn what might have been a good game of ball into a sloppy one quicker than poor umpiring."

Hubbard says the biggest test of an umpire is how he handles a complaint. "The outs and the safes, the balls and the strikes aren't the tough parts," he declares. "It's how well the umpire handles a troublesome situation and how well he knows the rules."

"I've heard umpires talk about how many men they chase from a ball game in a season. To me, an umpire is judged by how many he keeps in the ball game."

"I don't believe in the aggressive umpire. And I tell our umpires that when a tough ball game is over and they can walk through a crowd and hear someone ask 'Who was that umpiring behind the plate today?' then they can feel that they, as umpires, have had a good day. Nobody pays to see the umpire. If they don't remember who umpired, then the umpire has had a good day."

PALMER LEADS FAST COMPANY INTO 2ND ROUND

PALM SPRINGS, Calif. (AP)—Johnny Palmer of North Carolina, second highest money winner of the 1955 winter tournament trail, led the way into the second round of the \$15,000 Thunderbird Invitational Golf Tournament today.

The 36-year-old star from Charlotte whacked out a 10-under par 62 in the first round, and with one exception, held a four-stroke advantage starting out this morning.

The exception was tall Shelley Mayfield of Chicopee, Mass., who knocked over seven birdies on the back nine yesterday and ended the round with a 63.

"Play is at the Thunderbird Country Club, a course stretched out to about 6,700 yards, with par 36-72—a par that baffled only three professionals in the select array of 42 players."

Three managed to equal the figure, but 36 broke regulation figures.

Tied at 66 were Peter Thomson, the British Open Champion from Australia, Wally Ulrich, Jim Turnesa and big Mike Souchak, the latter a fellow North Carolinian of Palmer.

The 67 bracket was filled with eight players, including such prominent faces as the semi-retired Byron Nelson, Lloyd Mangrum, Dutch Harrison and the pre-tournament choice, Gene Littler.

Teams Put On Polio Campaign Stunt

WELLSBORO, Pa. (AP)—Teams of a north central Pennsylvania softball league are pushing wheelbarrows from Wellsboro to Galeton and visa versa to aid the March of Dimes drive.

They can take a step along their 23-mile route only when a contribution is made. Passing motorists are stopping to help the teams.

At the end of yesterday's round, each team was four miles on its way and the polio fund about \$800 richer.

A 2½ million dollar airport, said to be the finest in the Far East, is under construction at Biak in Netherlands New Guinea.

BUBBLER STAR SETS PACE IN LOOP SCORING

Eddie Dasher, Boiling Springs High School forward, is high scorer in the Adams County League with 152 points, according to league statistics.

Dasher, whose team is in first place with a 7-0 record for the first half of the county race, has scored 57 field goals and 38 fouls.

Bill Little, New Oxford, is second with 110 points followed by Littlestown's center, Stan Mummert with 101 points.

PLCB Employees To Get Pay Raise

HARRISBURG (AP)—Some 166 administrative employees of the state Liquor Control Board today were in line for pay increases approved during the final days of the administration of former Gov. John S. Fine.

David M. Perry, a member of the board, said "we had been working on the merit increases since last summer." He said the pay hikes represent a "pretty fair adjustment" of salaries in the agency.

The pay boosts will run from \$100 to \$120 annually for employees whose salaries have held steady for several years. The boosts will probably be distributed in last half January checks, Perry said.

A spokesman for the AFL Administrative Employees Union said his group sought pay boosts for 300 employees. He termed the raises "a feeble effort to adjust salary inequities."

MURDER TRIAL GOES TO JURY

JIM THORPE, Pa. (AP)—A jury of eight men and four women was scheduled to get late today the case of Daniel Falcone, former Bangor councilman charged with murdering Matthew Daneker and his wife Mildred.

Judge James McCready said yesterday, after the defense and commonwealth attorneys had finished their summations, that he would charge the jury at length and did not expect the jury would receive the case until at least 2:30 p.m.

The Danekers were shot to death on the steps of Trinity Evangelical Church in Palmerton last Oct. 3. Falcone was arrested four days later.

In his summation, Dist. Atty. Carl A. Niehoff said the jury should return the death penalty because "this man has forfeited the right to live in decent society."

Defense Atty. Edmund P. Turtz told the jury that Falcone was "a lovesick conquered fool."

Falcone's defense has been based on a detailed story of his alleged affair with Mrs. Daneker and a claim that he became temporarily insane when she sought to break off their relationship.

Anthropologists believe that the race now found in New Guinea inhabited a much more extensive region in ancient times.

Man Kills Wife, Commits Suicide

MOSCOW COUNTS ON EVENTUAL U.S. DEPRESSION

By REILMAN MORIN

NEW YORK (AP)—Every time you draw a paycheck, it worries a man in Moscow.

His name is Eugene Varga. He is the leading Soviet economist. He watches you and your earnings like a hawk. Why?

Because he has staked his reputation—and possibly his neck—on the prediction that millions of Americans will be out of work one of these days. He has been predicting for years that the United States is due for another crippling depression.

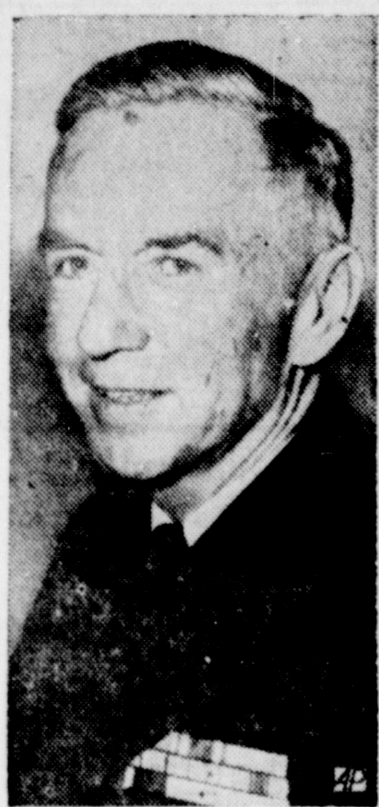

Soviet policy most probably is based on the proposition that the United States must suffer a severe economic setback after World War II. The graph, for 150 years, indicates that this always happens, not once but twice, after fighting stops.

Can Depression Be Stopped? The great question today is this: Do American managers and planners possess the know-how, plus legislative machinery, to head off a depression in its early stages?

Today, the Securities and Exchange commission holds wide powers over the stock market. It can require corporations to furnish complete financial information about a new stock issue. It can censor proxies and revoke trade privileges of brokers or investment bankers.

And it can compel "insiders" in a corporation to pay over to the stockholders any gains found to have been made in stock operations through information not available to other holders.

The all-important functions of

ORDNANCE BOSS
—Rear Admiral Frederic S. Withington, a native of Rutherford, N. J., was recently commissioned Chief of the Bureau of Ordnance, U. S. Navy.

maintaining a sound money and credit base — which influences prices, employment and the general level of economic activity — rests with the Federal Reserve. About half of the banks in the nation are members of the system, and it holds some 75 per cent of the total deposits.

"Built-In" Controls
Apart from the stock market, the economy as a whole today can be affected by the so-called "built-in" controls.

President Eisenhower made these points in his economic report to Congress:

"In the course of our latest encounter with the business cycle, we have learned or relearned several lessons.

"First, that wise and early action by the government can stave off serious difficulties later. "Second, that contraction may be stopped in its tracks even when governmental expenditures and budget deficits are declining, provided effective means are taken for building confidence."

However, he added in the vein of most observers:

"The experience of government in dealing with fluctuations in employment is not of long standing, and there is much yet to be learned about the problem of economic stability."

It's Not Wise To Irritate A Tired Housewife, She Finds

By DOROTHY ROE
AP Women's Editor

I have just learned that it is not wise to irritate a tired housewife.

Being a housewife myself, I can understand that a lot of overworked wives thought it was all too much when a household efficiency expert recently stated that working wives are more efficient than stay-at-homes. But I didn't expect the flood of angry mail that came in.

Here is a typical example, from a Detroit housewife:

"My dear Mrs. Fish Eggs:

"You must have flipped your lid to write such a stupid column. As for Miss Nitwit, what does she know about housework when she's a complete miss. (Editor's note: The efficiency expert quoted was Madge Lewyt, of New York, who is not a miss but a Mrs., and makes a career of household surveys and housekeeping shortcuts.)

What About The Kids

"What about the children? Does the miss or you have three healthy children to look after? Wash to do every day? Ironing as well? Nourishing meals to prepare? Or do you live on coffee and cigarettes?"

"... I slave all day and get no pay—then an ignorant dame

like you has to make things worse."

Another writes from Galetton, Pa.:

"How many working women do all the little things that a housekeeper does? They send most, if not all their laundry out. They have no one at home all day to clutter up their house. Why would it be dirty? Do they sew? Do they bake bread, cookies, pies? No, they stop at the corner store, buy their meals frozen and pop them into the oven when they get home."

That gives you a general idea.

And I didn't mean to belittle the American housewife. I think she's wonderful whether she works in an office or at home, or both.

Many of us have to do both, like me. And since we don't have much time at home, we develop every possible shortcut to get things done in the least possible time.

I, for instance, find it possible to take care of a good-sized house in the country, travel 100 miles to and from work every day, do all the cooking and sit on the problems of two daughters without too much strain.

I think we do what we have to do—and often that's the fun of it.

TEN AGENCIES ARE EXEMPTED FROM SHAKEUP

By LEONARD A. UNGER
HARRISBURG (AP)—Aides of Gov. George M. Leader have listed 10 different agencies under his jurisdiction which would be exempt from an administration-backed government reorganization plan.

The Legislature, however, could add or subtract from the list under a bill up for debate in the House next Monday.

Henry M. Leader, legislative secretary to the governor, said the measure specifically excludes, in addition to entire departments, all independent administrative agencies from abolition or consolidation.

The governor's office listed these agencies as the Public Utility Commission, Liquor Control Board, Milk Control Commission, Tax Equalization Board, Game Commission, Fish Commission, Civil Service Commission, Board of Parole, Pennsylvania Historical and Museum Commission and the

Brandywine Battlefield Park Commission.

Many Others Involved

Even with the exclusion of these agencies, there remains more than a score of others subject to gubernatorial reorganization should the legislature accept his plan.

Under the legislation, each reorganization plan would be submitted to the lawmakers. It would go into effect in 30 days unless vetoed by either the House or Senate.

Besides bureaus, divisions and lesser units within departments, agencies that could be reshuffled by Leader include the Athletic Commission, Sanitary Water Board, Workmen's Compensation Board, Workmen's Insurance Board, Unemployment Compensation Board of Review, Labor Relations Board, boards of trustees of state institutions, state Council of Education, private school licensing boards, Employees Retirement Board and others.

REV. FEEMAN SPEAKER FOR UNION SERVICE

The fourth worship in the winter series of union vesper services will be held on Sunday evening, 7:30 p.m., in Centenary Methodist Church. The Rev. Oscar E. Feeman, pastor of Grace Lutheran Church, Two Taverns, and St. Luke's Lutheran Church, near White Hall, will be the guest speaker. The Rev. Mr. Feeman was secured for the evening by the Rev. David S. Kammerer, pastor of St. Paul's Lutheran Church, and will be introduced to the congregation by him. The service will be in charge of the Rev. Herman E. Stenger, pastor of the host church.

There will be no union worship on Sunday, February 6, due to the special service at 7:30 p.m., that evening, in Redeemer's Evangelical and Reformed Church, at which time the Rev. Porter W. Seiwel will be installed pastor of Redeemer's Church. The sermon will be presented by the Rev. James W. Moyer, president of the Mercersburg Synod. Visiting clergy will participate in the worship. The public is invited to attend.

The union vesper services are sponsored by the Littlestown Ministerium and the next regular service will be held on Sunday, February 13, 7:30 p.m., in St. John's Lutheran Church, in charge of the host pastor, the Rev. \$330 FOR POLIO GIVEN BY TOWN

Approximately \$330 has been received thus far in Littlestown for the 1955 March of Dimes Drive, according to an announcement made by Mrs. Clayton L. Evans, local drive chairman. This amount includes 49 direct contributions sent to Mrs. Evans. Donors are invited to send their donations to Mrs. Evans, 420 Prince St., at their earliest convenience. The coin boxes which have been distributed throughout the business places of the community will be collected at a later date.

Forty sponsors have been received to date. The most recent sponsors, those who made contributions of \$5 or more, include: Mr. and Mrs. Carl Baumgardner, Weikert's Bakery, Walter F. Crouse, Mr. and Mrs. Amidee K. Ecker, Littlestown Manufacturing Company, Ladies' Auxiliary to the Mason and Dixon Memorial Posts Veterans of Foreign Wars, Littlestown Joint School System, Mr. and Mrs. Harold S. Roberts, Littlestown Canning Company, Mr. and Mrs. Vernon Straley, Littleton Shoe Company, Keystone Cabinet Company and Marvin's Cut Rate Store.

It was erroneously stated at a previous time that the Woman's Sunday School Class of Centenary Methodist Church was a sponsor. Instead of the Woman's Society of Christian Service of Centenary Church.

A group of local sponsors are planning to attend the annual March of Dimes dance at the Hotel Gettysburg on Saturday night. General admission tickets for the dance, from 9 to 1 o'clock, may be purchased for \$2 per person. Chances for the Mamie Eisenhower doll may be purchased sometime prior to the dance, at Marvin's Cut Rate Store, S. Queen St. or Boydie's Sandwich Bar, E. King St. The chances are three for 25 cents or \$1 per book.

A dance for the benefit of the March of Dimes will be held by the Littlestown Fraternal Order of Eagles on Saturday night at the POE Home on W. King St. Eagles and their guests are invited to attend and all proceeds will be contributed to the March of Dimes.

Serves On Nautilus

A Littlestown man was among the Navy personnel aboard the world's first atomic submarine, the Nautilus, when the underwater vessel made its shakedown cruise Jan. 17, the Associated Press reported yesterday from Groton, Conn.

He was Edward J. Riordan, one of eight Pennsylvanians in the crew.

Vote Donation To March Of Dimes

Twenty-three members and four visitors were present at the January meeting of the King's Daughters Sunday School class of Christ Reformed Church, held in the form of a covered dish supper on Wednesday evening at the home of Mrs. Stanley R. Sell, Littlestown R. 2. Following the supper, the group sang "Happy Birthday" to a visitor, Barbara Gresson, who observed her fourth birthday on Tuesday.

The program presented was in charge of Mrs. Stanley R. Sell, and included: Group singing; scripture reading, Mrs. Kenneth W. Olinger; prayer, Mrs. Ralph I. Unger; vocal quartet selection, "The Old Rugged Cross," Mrs. Paul J. Mummert, Mrs. Lavere G. Mummert, Mrs. Charles A. Grove and Mrs. Wilmer F. Kessler; reading, Mrs. Irvin C. Markle. During the business session, a contribution was voted to the March of Dimes. Mrs. G. Howard Koons, president, who presided, appointed the following committee in charge of arrangements for a food stand at the Calvin S. Myers sale on March 11 at Littlestown R. D.: Mrs. Stanley R. Sell, Mrs. Charles A. Grove, Mrs. Alvin C. Gerrick, Mrs. Gerald W. Stern, Mrs. Harry C. Wildasin, Mrs. Russell V. Brown and Mrs. Clara R. Markle. The next regular meeting of the King's Daughters will be held on Wednesday, February 23, at the home of Mrs. Kenneth W. Olinger, near town, along the Hanover Rd.

PARISH COUNCIL HOLDS MEETING

A contribution of \$5 was voted to the March of Dimes by St. Aloysius Parish Council of Catholic Women, at the January meeting held on Wednesday evening at the home of Mrs. Noah C. Snyder, N. Queen St. The business meeting, which was in charge of the president, Miss Anna C. Weaver, opened with prayer to Our Lady of Good Counsel by Miss Weaver. Reports were heard from Mrs. R. G. Lahn, secretary, and Mrs. Z. W. Sanders, treasurer.

The president announced that the annual Day of Recollection of the Conewago Deanery Council will be held on Sunday, March 6, at St. Joseph's Academy, McSherrystown, with the opening mass at 8:30 a.m. The Rev. John J. Brady, Society of Jesus, Philadelphia, will conduct the day's services. Mrs. Noah C. Snyder was appointed to represent the parish council on the Deanery nominating committee, of which Mrs. George Haenn, Gettysburg, will be chairman.

It was decided that each member attending the next meeting will take a new infant's garment to be sent to the Holy Father's storehouse. In connection with the observance of Catholic Press Month in February, the members will also take to the next meeting, a magazine or pamphlet for exchange and a book for display. The committee for the next meeting, Wednesday, February 23, was appointed as follows: Mrs. Leo Riley, chairman, Mrs. James Riley, Mrs. John Collins, Mrs. Lloyd F. Weaver, Mrs. Johanna Riondon, Mrs. Carroll Oaster, Mrs. Charles W. Randall, Mrs. Donald Eisenhart and Mrs. Charles Frock.

The guess package, donated by Mrs. Ivan D. Rickrode, was received by Miss Anna C. Weaver. The closing prayer was given by Mrs. Robert Eckenrode.

Following the business, the group enjoyed cards. Prizes were received by Mrs. Ivan D. Rickrode, Mrs. Harry W. Stavelly Jr., Mrs. Bernard M. Selby and Miss Anna C. Weaver. A special award went to Mrs. Felix P. Lawrence. Refreshments were served by the January hosts committee, composed of Mrs. Noah C. Snyder and Mrs. Stewart N. Long, co-chairmen, Mrs. George P. Smith, Mrs. P. Emory Weaver, Mrs. Josephine Hornberger and Mrs. Paul E. Altoff.

Mid-term examinations were given Monday and Tuesday to the students of Littlestown Junior-Senior High School.

SOCIETY ELECTS NEW OFFICERS

Preliminary plans were made for the annual World Day of Prayer Service, at the monthly meeting of the Abigail Kammerer Missionary Society of St. Paul's Lutheran Church held on Tuesday evening at the home of Mrs. Robert W. Gouker, Cemetery St. The service will be held on Friday, February 25, at St. Paul's Church. Arrangements are in charge of the Abigail Kammerer Society. There will be special music and the missionary societies of the various churches of the community will participate. Details will be announced later.

New officers were elected at the January meeting, as follows: President, Mrs. Charles E. Ritter; first vice president, Mrs. Charles E. Rabenstein; second vice president, Mrs. Carl H. Baumgardner; secretary, Mrs. George Schaefer; statistical secretary, Mrs. H. Dean Stover; treasurer, Mrs. L. Robert Snyder.

Mrs. David S. Kammerer Sr., leader for the evening, introduced the topic "Lutherans in the Holy Land" and participating in the discussion were Mrs. Gouker, Mrs. Ritter, Mrs. Baumgardner, Mrs. Snyder, Mrs. Schaefer, Mrs. Rabenstein, Mrs. Milton Harner and Mrs. Paul Mayers. The lesson discussion closed with prayer in union. The guess package, contributed by Mrs. Clinton O. Sentz, was received by Mrs. L. Robert Snyder. During the social hour, refreshments were served to the group by the hosts, Mrs. Gouker.

The next meeting of the Society will be held Tuesday, February 22, 7:30 p.m. at the home of Mrs. Charles E. Rabenstein, S. Queen St. Leaders for the topic discussion will be Mrs. L. Robert Snyder and Mrs. Paul Mayers.

GIVEN SCOUT AWARD

The annual dinner for Boy Scout leaders of the York-Adams District was held on Tuesday evening at the Yorktown Hotel in York. Post Advisor Edward B. State Agencies Favor Plan To Preserve Pennsylvania's Game, Fish, Water Resources

HARRISBURG (AP)—A proposed legislative study of Pennsylvania's game, fish and water and land resources has received the wholehearted support of the three state agencies involved.

"The way Pennsylvania's population is growing and will grow in the next 20-25 years, any group that can better safeguard and perpetuate our resources for these people will receive our complete support," said Dr. Logan J. Bennett, executive director of the Game Commission.

"We are ready at any time to lend our services to any committee that is studying our problems. We have nothing to hide and are more than willing to cooperate," commented Charles A. French, Fish Commission executive director.

Will Cooperate
"Naturally, we'll cooperate in this study for it could only result in an overall strengthening of our position," said Maurice G. Goddard, new Forests and Waters secretary.

A broad, fact finding study designed to benefit the sportsmen of Pennsylvania, was proposed in the House Wednesday by Reps. Harris G. Breth (D-Clearfield) and Maurice L. Banker (R-Huntingdon). It would be made during the 1955 session by the 22-man Conservation and Wild Life Committee of the House, which Breth heads.

Bennett, Goddard and French said they thought the proposed study was a sound idea and promised the cooperation of their agencies.

Favorable To Sportsmen
"I believe the sportsmen will welcome this kind of inquiry because its purpose is to introduce legislation which will facilitate cooperation between the various agencies and result in maximum benefits for the use of all state lands and waters for the benefit of the general public," Breth said.

He added that it would not cost the taxpayer any money because it would be conducted while committee members are in Harrisburg for regular sessions of the house.

"We would start as soon as possible after the resolution is approved," Breth added. "The committee will be organized early next week and the first order of business would be to set up a definite program of procedure."

Comprehensive Study
Breth emphasized that "this is not a punitive, muckracking measure."

"The study would allow the committee to pursue any record it thinks pertinent to make a comprehensive study to ferret out ways and means that all three departments can best utilize the state's natural resources."

The resolution, which was referred to committee, authorizes a thorough study of the resources "and their proper use and management for the benefit of the public."

Meanwhile, Goddard told state Forest and Waters Department officials Wednesday that their major responsibility is the protection, development and utilization of forests, waters and related resources.

"We must renew our efforts to fully realize the potentialities of this charge by applying ourselves to the job at hand with sincerity, honesty and determination," Goddard said.

30 At Conference
More than 30 districts foresters, park district heads and water field officials met with the secretary for three hours. Goddard said such conferences will be held at least once every three months.

Subjects discussed at the briefing included the forthcoming fire season, planting programs for the spring and park work programs. The secretary said he was decided to close the saw mill at

VET AF COLONEL FACES CHARGES AT LAREDO AFB

CORPUS CHRISTI, Tex. (AP)—The Corpus Christi Caller-Times said Thursday a veteran Air Force colonel who allegedly sent a military plane, tools and enlisted men to Harrisburg, Pa., to repair his farm equipment will be tried by general court-martial Monday at Laredo Air Force Base.

The Laredo base, which had made no public announcement of the case, released some of the details in answer to a query from the Corpus Christi newspaper.

The newspaper, in a dispatch from Laredo by staff writer Travis Walsh said the colonel, Robert V. G. Dunn, 49, of Kokomo, Ind., has been charged by the Air Force with wrongful use of enlisted men, government aircraft and tools; violation of Air Force regulations; making a false official statement and influencing a witness.

Could Get Several Years
A spokesman for the base said conviction could bring a maximum sentence of several years imprisonment and dismissal from the service.

Dunn is former maintenance and supply group commander of Laredo Air Force Base, a jet training base. His job made him responsible for all base supply work and maintenance of all aircraft.

The spokesman said the first of the charges against Dunn were brought on August 27, 1953, and the other charges were brought during 1954. Dunn has been relieved of his duties since filing of the charges, but has been under no restraint or confinement, the spokesman added.

Two Plane Trips
Col. Dunn could not be reached immediately for comment.

The offenses reportedly came to the attention of authorities when one of the planes carrying the men and tools to Harrisburg developed engine trouble.

The charges involve two plane trips to Harrisburg, one in August, 1952, and the second in June, 1953. The other two offenses are alleged

to have occurred in April, 1954, while the charges were still under investigation.

Has 15 Years' Service

Dunn, according to the spokesman, reportedly had purchased two half-tracks (personnel carriers) and had them in Harrisburg. He planned to use them on his farm in Kokomo after they were repaired.

The spokesman said Dunn, a pilot, is a former National Guard officer with more than 15 years of active duty.

Dunn had served at Laredo for about a year before he was relieved of his duties.

U.S. SABREJETS REACH FORMOSA FROM OKINAWA

By SPENCER MOOSA

TAIPEH, Formosa (AP)—Swift and deadly U.S. Sabrejets roared in from Okinawa and the Philippines Thursday in a dramatic move that underscored U.S. determination to defend the Chinese Nationalist island and its key outposts against any Communist invasion.

The Sabres, impressive victors over Russian-built MIGs in the Korean War, landed at a Nationalist air force base south of Taipei.

The Sabres, from the U.S. 18th Fighter-Bomber Wing, will probably be used to screen the evacuation of the Red-threatened Tachen Islands 200 miles north of here.

Plans Perfected
And they would lend tremendous striking power to the U.S. 7th Fleet, now gathered in impressive array near here and ready for action if ordered.

Operational plans for the evacuation of the Tachens appear to have been perfected. Should they be put into execution and meet Communist opposition, Formosa is the nearest territory in friendly hands from which land-based planes should support the fleet.

A report from Singapore said the fleet itself apparently would be beefed up by the addition of the aircraft carrier Midway. The 45,000-ton flattop was due there Feb. 4 but U.S. Navy officials said she

declared that very few psychiatrists at the state hospital belonged to the organizations mentioned by Turzco. Most, he said, belonged to an organization of state mental hospital superintendents. He added that he also belonged to that organization.

Goshorn testified that in his opinion Falcone had no mental abnormalities nor amnesia.

Sunday School Lesson

MAN'S NATURE AND NEED

Genesis 1:26-31; Romans 3:23; Hebrews 2:6-9

Key Verse: "What is man that thou art mindful of him, and the son of man that thou dost care for him? Yet thou hast made him little less than God, and thou dost crown him with glory and honor." Psalm 8:4,5.

"Then God said, Let us make man in our own image, after our own likeness; . . . So God created man in his own image" (Gen. 1:26-27). This is the heart of the Biblical teaching, that man was created by God and in His own image. Preceding this passage in Genesis is a record of God's creation of the various forms of the natural world. Man was to have dominion over all of these. He is

the crowning creation. The land and sea and air are his domain. As far as we know man stands nearest to God Himself of all that the Creator has called into being.

This is implied "in his own image." It indicates that the attributes and capacities which God possesses are present in man but in a lesser degree, and not in perfection. Wisdom, power, love and other characteristics which make up personality are all there. Man is expected to develop them. This he has not done to the highest degree possible.

Man is given the freedom to choose the right or the wrong. Without the ability to sin man would not be entirely free. He has been given a conscience to guide him in making decisions

which will either add to his character or detract from it. Man is endowed with a soul and opportunity for immortality which places him above the other creatures of God. Along with these rich gifts from the Creator comes responsibility. But man has failed miserably to meet God's requirements. By one act of disobedience he began a chain of wrongdoing which has plagued mankind ever since. Man has succeeded well in exploring and developing the natural world and he has found and followed God's footsteps in numerous ways. But he has used the knowledge selfishly, and, as we see with the atom bomb, dangerously. It is in the moral and spiritual life that man has recorded his world failure.

God created man "a little lower than the angels." From this act we would expect man to fashion "a fair world of pure harmony and holiness." But a quick survey reveals a world full of strife and evil. The reason is the presence of sin — an ugly fact. It stems from disobedience toward God. It

has caused a wide breach between man and his Creator.

The deepest need of man is to be restored as an "image" of God, a likeness in which he was originally created. This can be done by Jesus Christ in whom are present all the attributes of the Father, and who has been sent as the world's Redeemer. He is ready to hear man's cry, "God be merciful to me a sinner." And our Father in heaven will forgive and restore the sinner to his place among the sons of God.

The American Indians inflicted a severe punishment upon any person who contaminated the waters of a fresh spring. This illustrates well the fact that impurities at the source of life's most important refreshment can harm the lives of all. The sin of one can easily defile another. Consequently, each must be on his guard to uproot every unclean thought from his mind and heart. Yes, Jesus forgives, but first men must be conscious of their sin and failures, and repent of their evil doing. Only

then can they live a new life "in Christ."

INDONESIAN PRESIDENT HAS NEW PROMISES FROM COMMIES

By WILLIAM L. RYAN
AP Foreign News Analyst

While fireworks over Formosa center the world's attention on Red China, a heady brew is brewing to the south.

The text of a speech by President Soekarno of Indonesia has just become available in this country. It illustrates the haunting fears which afflict the leaders of Indonesia's 80 million people. These fears have given rise to wishful thinking that could help weave a Communist trap.

Quotes Stalin
The President addressed a conference of political leaders on prospects for Indonesia's first general elections. He indicated he had received soothing words from the Communists, fourth strongest party in Parliament, whose support keeps the PNI (Indonesian Nationalist party) in power. He not only expressed some belief in Red promises, but even dipped into the works of Stalin for comfort.

In his speech last week, President Soekarno appealed for national unity. He noted the Asian-African conference of nations to open in Indonesia in April, and asked party leaders how Indonesia could inspire unity from West Africa to China if it was torn by its own internal fighting. He begged them not to make the general elections "an object for dissension, a cause for mutual strife." Then he added he had seen hopeful signs in promises of party leaders, including the Communists.

"They understand," said the President, "or at least their leaders have asserted that in carrying out (the) national revolution we should not overly stress 'class struggle.' No. On the contrary they have urged the establishment of the strongest possible national unity, a revolutionary national unity."

Taneytown

TANEYTOWN—Plans were discussed Tuesday evening by the church council and pulpit committee of Trinity Evangelical Lutheran Church for securing a new pastor. Dr. J. Frank Fife, president of the Evangelical Synod of the State of Maryland, met with the group.

Rev. Glenn L. Stahl, the pastor of the church, leaves March 1 for a charge in Waynesboro. The pulpit committee is Elwood Baumgardner, chairman, Merwyn C. Fuss, Kenneth Smith, Talph Davidson, Kenneth Gilds and George Harner.

Mrs. David Little, Taneytown, is spending several days with her son-in-law and daughter, Mr. and Mrs. Edgar Winchester, Perryville, Md. Pvt. Melvin Bowling, stationed with the United States Army at Fort Jackson, South Carolina, spent 14 days with his parents, Mr. and Mrs. Clifford Bowling, near town. He left Monday for Fort Bragg, North Carolina.

deed are soft-pedaling "class struggle" in their propaganda. But the draft program they adopted at their congress less than a year ago makes it clear that they have in view for Indonesia a regime like that of North Viet Nam or the European satellite countries.

The Communists work fervently for the "national unity" President Soekarno mentions, but their published program makes clear the Communist party must capture and hold such a united front.

EXPERTS DIFFER ON CHANCES OF ATTACK BY REDS

By JOHN SCALI

WASHINGTON (AP) — Government officials who try to puzzle out enemy intentions differ over how great is the risk that Chinese Communist warplanes will attack U.S. ships in any evacuation of Nationalist-held islands off China.

The question has arisen in connection with the drafting of plans to provide American air and sea protection and transportation for

a Nationalist withdrawal from the Tachen group, 200 miles north of Formosa and about 12 miles off the Red coast.

Most authorities concerned with the problem believe the Chinese Reds are not likely to interfere on a major scale. These officials reason that the Reds will be satisfied to take over the Tachens.

Court Prevents It
They incline to the view that Red Chinese leaders, no matter how violently they may dislike seeing the Nationalists escape capture with U.S. help, realize they do not have sufficient airpower to prevent it.

Further, they say the Reds know they might be risking American bombing of Chinese mainland targets if they dared attack any part

of the 7th Fleet.

This view—that the Reds will do nothing to interfere—appears to have prevailed. However, it was learned that some responsible officials hold the opposite view and believe there is considerable risk involved.

Minority View
This minority believes the Red Chinese might well launch some kind of air attacks for two reasons:

1. To demonstrate to the world that that Chinese Reds will not tolerate interference in what they regard as a civil war against Chiang Kai-shek's forces.

2. To try to frighten American leaders away from giving similar air and naval protection to Nationalist forces in the future.

as a non-group member

during current enrollment program!

Chances are 1 in 3
that YOU or SOMEONE in
your family will get a
major doctor bill
this year!

You may already have protection against hospital expenses but, without Blue Shield to pay major doctor bills, your family is only half-protected! That's why you need Blue Shield, the non-profit, community-sponsored plan that offers the most protection against doctor bills for your money. It's backed and approved by state and county medical societies, plus more than 10,450 Pennsylvania participating doctors. Blue Shield now covers nearly 3,000,000 Pennsylvanians . . . 30,000,000 members throughout the country!

BLUE SHIELD GIVES YOU GREATER BENEFITS FOR YOUR MONEY!
For example: Under Blue Shield's Plan B a family man earning less than \$115 a week can receive services covered by his Agreement for himself and dependents from a Blue Shield participating doctor without cost!

PROTECT YOUR FAMILY FOR ONLY PENNIES A DAY!
For a family of three or more, Blue Shield's Surgical, Maternity and Oral Surgical protection costs less than eight cents per day. The broader Medical-Surgical Agreement also covers medical care while hospitalized, as well as medical consultation and radiation treatment. And it costs just a trifle more!

ACT NOW—CURRENT ENROLLMENT ENDS JANUARY 31!

EAST IS HIT BY COLDEST WAVE; SEE NO RELIEF

By THE ASSOCIATED PRESS
A late January cold wave engulfed wide areas in the eastern half of the nation today and there was no indication of immediate relief.

Snow, subzero temperatures and strong winds were in prospect for the Midwest, hardest hit by the coldest weather of the winter season.

The cold also swept into Eastern and Southern areas and temperatures dropped as the frigid air moved southward from the snow-covered mid-continent.

Temperatures in the Midwest were not as low today as yesterday morning, when they tumbled to -36 in northern Minnesota. But they were far below zero in most of the northern sections of the north central region. There also were subzero readings in parts of New York, Pennsylvania and West Virginia.

Temperatures dipped 10 to 34 degrees since yesterday morning from east Texas northeastward across the Gulf states and along the Atlantic Coast. It was 22 in Birmingham, Ala., and 19 in Chattanooga, Tenn.

Snow tapered off during the night over most of the Midwest and parts of the plains, bringing a measure of relief from yesterday's biting cold.

It was 17 degrees below zero in International Falls, Minn., early today, about 19 degrees warmer than yesterday's -36.

But strong, northerly winds

UAW Ends Long Strike Against Ford

TORONTO, Ont. (AP)—CIO United Auto Workers have ended their 110-day strike against Ford of Canada.

Union and company negotiators reached agreement on a new wage contract yesterday after more than four weeks of steady bargaining sessions that followed on-and-off negotiations since the old pact expired last February.

The walkout had idled more than 7,000 employees, and was the longest in Ford of Canada's history.

spread more cold air from Canada southeastward across the Northern Plains and the icy blasts were predicted for the Midwest by tonight.

Light Precipitation

There was only light precipitation in the East, with flurries in the eastern Great Lakes region and in New England.

Coldest spots in the East included an unofficial -18 in Forestport, in the foothills of the Adirondack Mountains. It was -12 at Van, Pa., near Oil City, while Elkins, W. Va., reported -8.

Early morning reports: New York, 17 and clear; Chicago 7 and light snow; Denver, 26 and partly cloudy; Salt Lake City, 11 and clear; Los Angeles, 55 and clear; San Francisco, 42 and clear; Seattle, 34 and fog.

At least three deaths were attributed to the cold weather. A woman in Chicago and a man in Cleveland died of exposure. Another man died in Cleveland while shoveling snow.

U.S. Patent No. 1 was issued in 1836 to John Ruggles of Maine on a device to increase the power of railway locomotives and to prevent the wheels from sliding.

DEMOCRATS TO TRY TO CANCEL POWER DEAL

By JOE HALL
WASHINGTON (AP)—Democratic members plan to put the Senate House Atomic Energy Committee on record today for cancellation of the Dixon-Yates power contract but a Republican member said it was a meaningless gesture.

The group meets behind closed doors to act on a resolution proposed yesterday by the 10 Democrats who form the committee majority.

It not only would call on the Atomic Energy Commission to cancel the long-disputed contract, but also would rescind the waiver adopted by the joint committee last Nov. 13 to speed action on it.

However, Rep. W. Sterling Cole (R-NY), former chairman of the committee and now senior House Republican member, told a reporter in advance of the meeting that adoption of the resolution would "have no legal effect whatsoever." He said it was "simply an expression of opinion."

Waived Waiting Period
The committee, then under Republican control, voted Nov. 13 to waive a provision of the law which would have required that the contract lie over for 30 days while Congress is in session. In effect, the partyline 10-8 vote approved the contract and permitted the AEC to make it effective.

The contract, negotiated by he AEC a President Eisenhower's order, calls for the Dixon-Yates private power group to build a 107-million-dollar plant at West Memphis, Ark. The current generated there would go to the Tennessee Valley Authority to replace TVA power used by AEC.

The deal has been bitterly fought by many Democrats, particularly those from the TVA area. It has been widely supported by Republican lawmakers.

Sponsored By Gore
The Democrats' resolution in the joint committee is sponsored by Sen. Gore (D-Tenn.).

Chairman Anderson (D-NM) would not tell newsmen exactly what he thought would be the legal effect of rescinding of the waiver, but he said, "We did not do it lightly."

He said it "could" have the effect of bringing the contract before the congressional group. But he said the courts will have to pass on the matter in the end.
